Nikon Rangefinder Compendium

Robert Rotoloni
Colour by Tony Hurst

THE COLLECTOR'S GUIDE TO JAPANESE CAMERA

The New York Store to Japanese Camera

As a collector of Japanese cameras, you will find this book a valuable reference. It contains a complete list of Japanese cameras, including the names of the manufacturers, the models, and the years of production. It also includes a detailed description of each camera, including its features, specifications, and a photograph of the camera. This book is a must-have for any collector of Japanese cameras.

This book is a comprehensive guide to Japanese cameras, covering a wide range of models and manufacturers. It is a valuable resource for collectors and enthusiasts alike. The book includes a detailed description of each camera, including its features, specifications, and a photograph of the camera. This book is a must-have for any collector of Japanese cameras.

D300 Preview

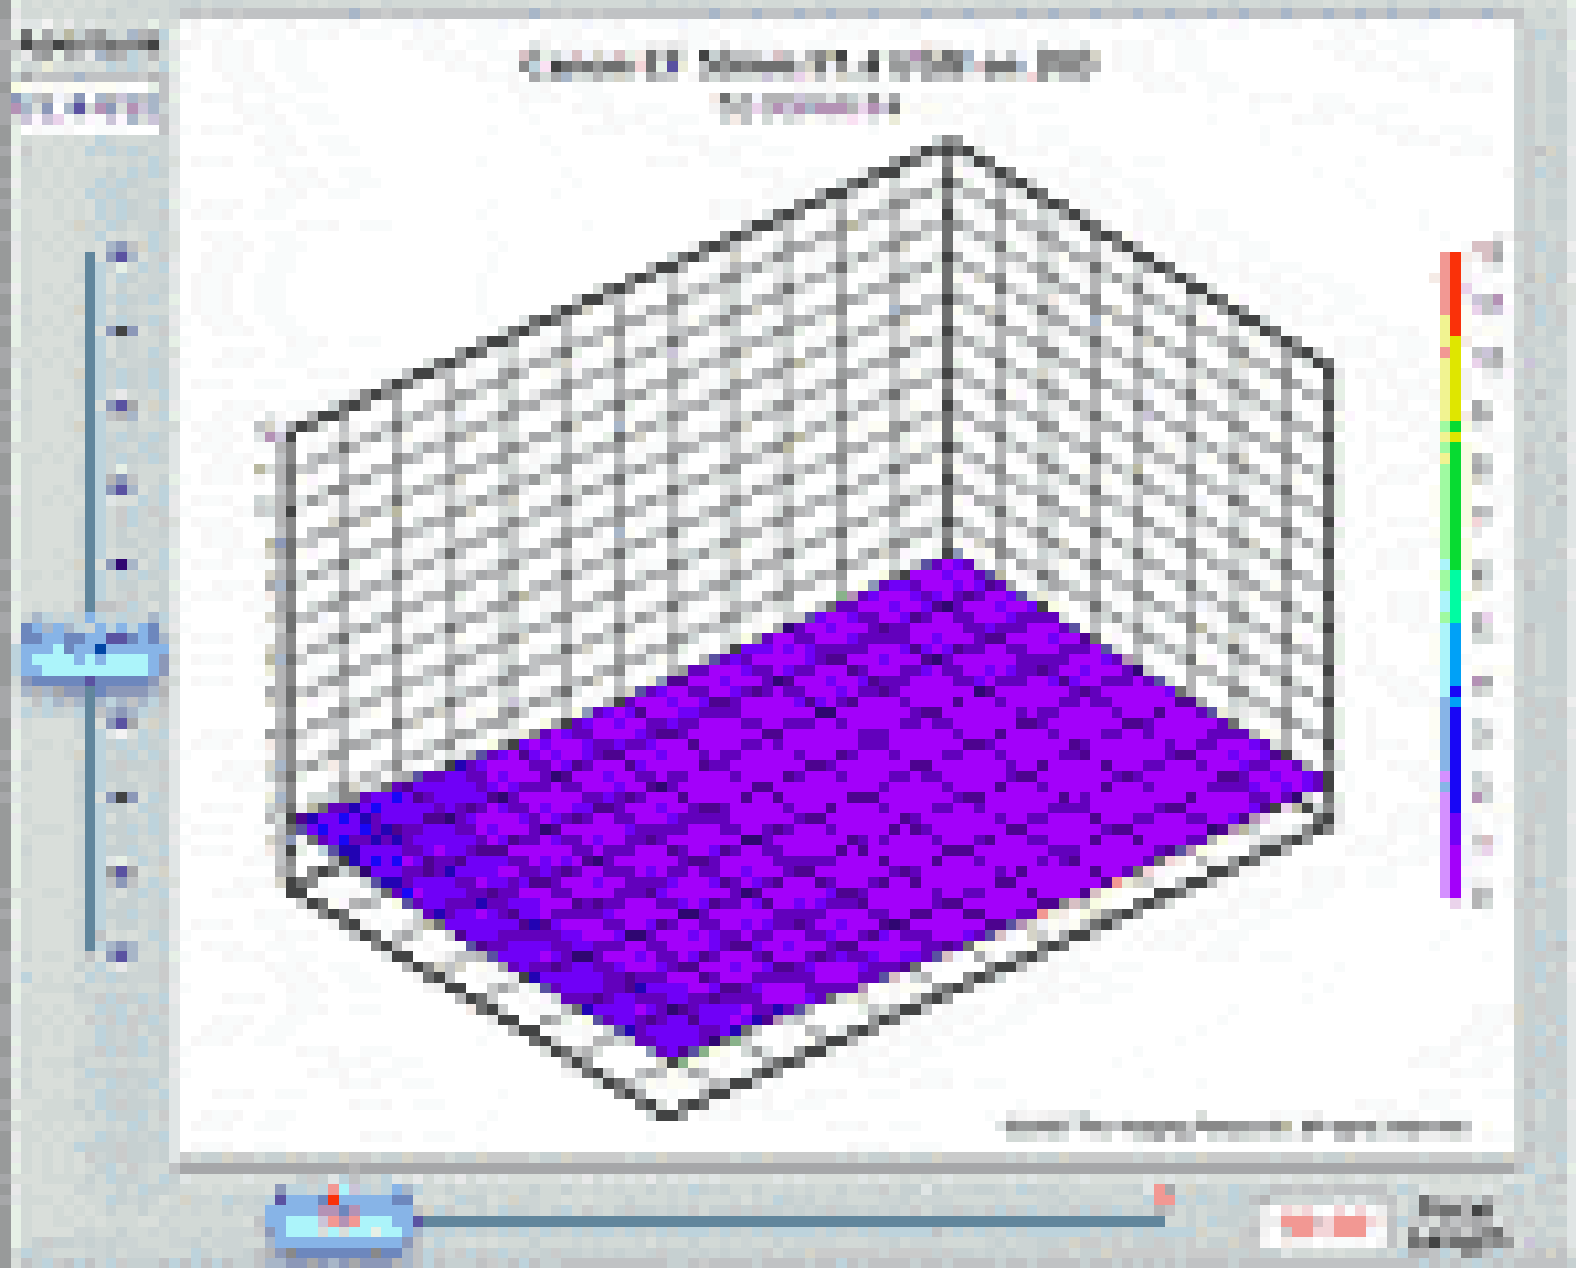

Nikon made quite a splash with the new D300. Its 12.3mp sensor, 51-AF points, 6 frames per second, and Live View mode change the definition of semi-pro SLR. See our [Preview](#) for more.

40D Preview

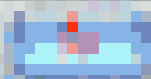

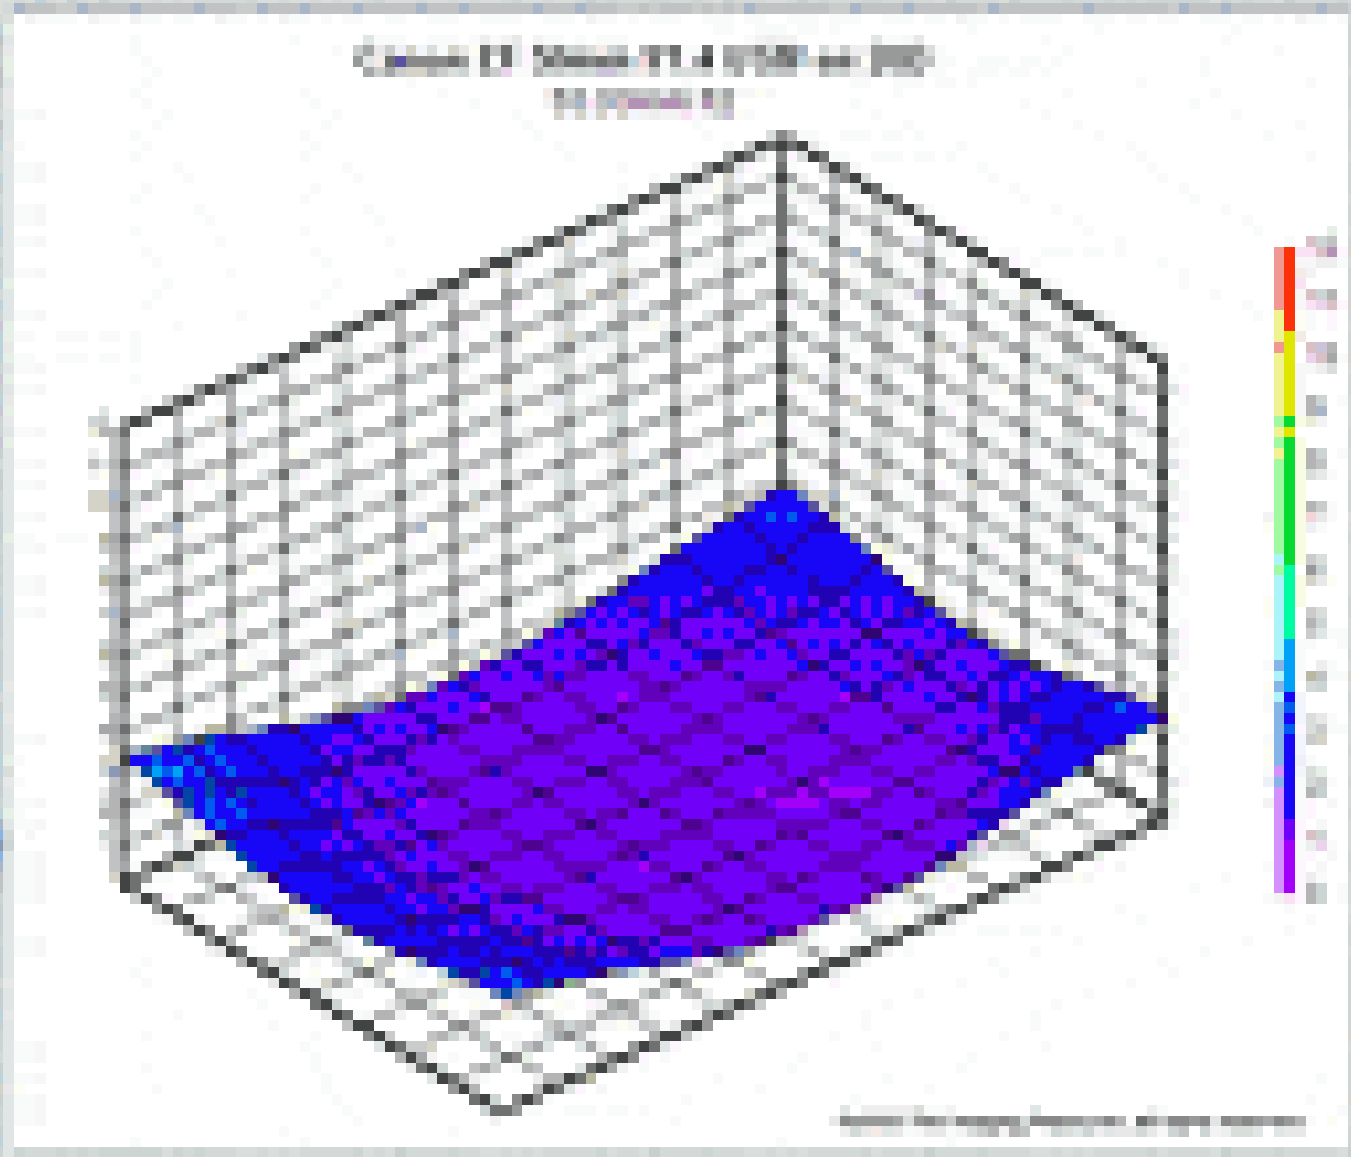

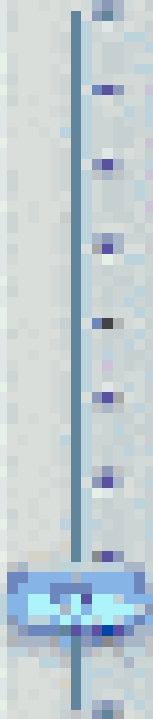

Canon's new SLR comes late to a market full of 10-megapixel SLRs. Will its higher speed, faster AF, and Live View mode be enough? See our [Preview](#) for more.
