The Gantt chart displays the project schedule for the 'New Product Development' project. The project is divided into four main phases, each with a duration of 10 weeks. The phases are: Phase 1: Market Research (green), Phase 2: Product Design (yellow), Phase 3: Production Planning (red), and Phase 4: Marketing Strategy (green). Each phase is further broken down into sub-tasks, which are represented by smaller bars within the main phase bars. The chart also includes a legend and a summary table at the bottom.
